CEO
Stefan Windhager

YOU CAN RELY ON US.

We are an innovative family company from Austria. Thanks to over 40 years of experience, we know exactly what matters. The best products for the home and garden and our partnership with trading partners and suppliers are the heart of our success.

As a family business, we are close to the customer and flexible enough to meet individual customer requirements. With the continuous expansion of our product range, the increase in storage space and modern logistics, we offer our customers the capacities of a large corporation at the same time.

WE ARE PERSONALLY AT YOUR SERVICE.

Our colleagues from Customer Service look forward to hearing from you.

OUR HISTORY

The cornerstone for the success of our family business was laid in Grödig in 1983 by Johann Windhager. We are still firmly rooted in the Salzburg region and proud of our strong growth and continuous expansion.

1983 **FOUNDATION**

by Johann Windhager

EXPANSION **1986-1989**

Germany, France & Switzerland

1998 **FIRST CUT OF THE SPADE**

for the construction of today's company headquarters in Thalgau

PARTICIPATION **2004**

at Alfred Schellenberg GmbH

2011 **ACQUISITION**

of the Vénilia brand

GENERATIONAL CHANGE **2016**

Stefan Windhager, son of the founder, takes over the operative business

2018 **ACQUISITION**

of Vénilia Décor B.V.

PERSONAL
As a family business with many years of experience Windhager is close to the customer and offers products that you can rely on.

THOUGHT OUT
Whether it's a classic or market-oriented innovation: Our products offer customers great benefits and meet the highest demands.

DIVERSE
The Windhager range includes ingenious and creative solutions for many challenges around the house and garden.

Sustainability of our products

Sustainability has many faces. Many paths. Many possibilities.
This makes sustainability complex and exciting, but also challenging.

Windhager has been committed to dealing with the issue of sustainability responsibly for many years.
This is not always easy, because the functionality and benefits of the products, including the affordability for the customer, are clearly in the foreground. You can easily recognize our sustainable products by the
addition "Greenline" in the title.

MINIMAL PACKAGING:
Since 2014, the majority of Windhager
films and fleeces have been packaged in cardboard instead of plastic.
Wherever possible, we work with alternatives to plastics or reduce their proportion.
Of course, the focus here is still on protecting the product.

DURABLE & REUSABLE:
Products that don't end up in the trash after one season are kind to the environment.
Windhager relies on this longevity in individual product variants - here it is ultimately
up to the customer how long the product remains in use.

REGIONAL:
Even if not everything can be obtained regionally: Windhager tries to keep the transport
routes as short as possible. Products made from sheep's wool, for example, come from
Austria, while the propagating trays and pots, as well as the mulch paper and the wood
for many of the birdhouses, come from the EU.

NATURAL, RENEWABLE MATERIALS:
Products made of sheep's wool or jute, bast and hemp have been in the range for a
very long time, and the variety of products is increasing - because they simply fit
perfectly into the garden. But there is now also a counterpart made of cotton/canvas
for classic products such as the garden waste bag.

Sustainability on location

At the Thalgau location, sustainability is practised, among other things, through the most modern logistics concepts, the regular optimization of energy requirements and the installation of a photovoltaic system with around 380,000 kWh/year. E-vehicles (cars & bicycles) are also available to the Windhager team. In addition, the company provides every employee with the Salzburg climate ticket free of charge for one year.

PEST CONTROL

The lettuce and strawberries are planted, the lawn prepared and the pantry stocked. Actually, now it's time to sit back and relax. But just then they come around the corner and ruin all the joy: pests. Slugs eat their way through the vegetable patch, voles love to nibble roots and moles ruin the beautiful lawn.
Our motto has always been: control pests cleverly and effectively, but gently for humans, pets and beneficial insects! Products that have been tried and tested for more than 30 years, as well as newly
developed products help to repel moles, voles, mosquitoes, snails, wasps, martens, spiders and other pests without the use of chemicals.

VOLES & MOLES

Vole & mole repeller MOLE STOP 1000

- a proven brand product to protect against voles and moles
- very effective due to low-frequency subsonic vibrations
- designed with a range of up to 1000 m² (depending on ground conditions)
- intensity is infinitely adjustable
- battery-operated and includes 4 brand alkaline batteries
- manufactured in Austria

No./Dim.	EAN Code	
02120 16x16x36cm	9 003117 021204	1

Vole & mole repeller MOLE STOP SOLAR

- a proven brand product to protect against voles and moles
- it is very effective due to low-frequency subsonic vibrations
- designed with a range of up to 1000 m² (depending on ground conditions)
- intensity is infinitely adjustable
- environmentally friendly and solar-powered
- manufactured in Austria

No./Dim.	EAN Code	
02125 16x16x36cm	9 003117 021259	1

220/9V adapter plug ACCESSORIES

- for a safe power supply to the Mole Stop appliances
- suitable for all WINDHAGER appliances
- can be extended using a connecting cable (Art No 08020)
- includes 2 m power cable

No./Dim.	EAN Code	
08102 7x5x8cm	9 003117 081024	1

Solar charger ACCESSORIES

- a spare part to provide stored solar power
- a high-quality 600 mAh/6V-NC battery
- mobile for an optimal choice of location
- connected by cable to the repeller
- for Mole Stop 1000 (art.no. 02120) and Mole Stop Solar (art.no. 02125)

No./Dim.	EAN Code	
08130 11x17,5x17cm	9 003117 081307	1

Extension cable for mole power supply units ACCESSORIES

- for electrically powered mole appliances
- 02120 Mole Stop 1000
- 02125 Mole Stop Solar
- 05040/05035 Topo Stop E 250/R100
- 08130 Solar Accu
- 08102 230 V Adapter

No./Dim.	EAN Code	
08020 20m	9 003117 080201	1

15

Vole & mole repeller PREMIUM

- low-frequency subsonic vibrations and ultrasonic waves repel efficiently voles, field mice and shrews
- robust housing made of aluminium
- power supply: batteries (not included)
- powerful motor - increased performance and higher effective range (max. 900 m²)
- simple application: stick the repeller in the ground

No./Dim.	EAN Code	
02135 5,5x5,5x42cm	9 003117 021358	1

Vole & mole repeller ALUMINIUM

- repels voles and moles without using chemicals
- low-frequency sound waves barely audible to the human ear
- weatherproof aluminium housing, suitable for continuous operation
- power supply: batteries (not included in scope of supply)
- effective range: max. 800 m², radius: approx. 17 m

No./Dim.	EAN Code	
02130 5,5x5,5x42cm	9 003117 021303	4

Vole & mole repeller SOLAR

- used for driving away moles and voles through low-frequency subsonic vibrations
- only minimally perceptible to the human ear
- designed with an aluminium housing (plug-in system)
- reliable and environmentally friendly protection due to solar battery module - no battery change necessary
- effective area: max. 750 m², radius: approx. 16 m (depending on ground conditions)

No./Dim.	EAN Code	
02112 15,5x15,5x33,3cm	9 003117 021129	4

Vole & mole repeller CLASSIC

- repels voles and moles using barely audible, low-frequency sound waves
- weatherproof, maintenance-free continuous operation possible
- power supply: batteries (not included in scope of supply)
- effective range: max. 600 m², radius: approx. 12.5 m

No./Dim.	EAN Code	⊕
02140 5,6x5,6x37cm	9 003117 021402	6

Vole trap PREDATOR

- efficiently catch voles in both tunnel directions without any previous knowledge or effort
- innovation: tunnel stabilisation transparent
- success discretely indicated by retracted handle, without having to dig trap out
- bait placement possible
- extremely powerful, robust and long-lasting
- easy to activate, quick installation, harmless application

No./Dim.	EAN Code	⊕
05315 6,5x22x25cm	9 003117 053151	4

Vole trap Track and Catch

- effective vole trap
- is placed in the vole tunnel
- contact can be set up for both directions of entry
- handle position indicates catch

No./Dim.	EAN Code	⊕
05395 6,3x12x13,5cm	9 003117 053953	6

Digger & probing rod VOLE TRAP ACCESSORIES

- probing rod helps to locate subterranean tunnels
- robust handle, sharp tip
- digger allows for easy digging thanks to sharp teeth
- diameter: 50 mm
- galvanised metal tube, strong wooden handle

No./Dim.	EAN Code	
05316 6x10x32 cm	9 003117 053168	1

Marking flags VOLE TRAP ACCESSORIES

- marking flags to find subterranean vole tunnel exits
- two-part, robust metal rod
- can also be used to mark water sprinklers, connections etc.

No./Dim.	Content	EAN Code	
05317 40cm	5 PCE	9 003117 053175	1

Vole trap TUBE

- animal-friendly alternative to catch voles and moles alive
- contact can be set up for both directions of entry
- with two openings and two quickly closing catch fasteners
- live trap, works with and without bait
- long-lasting, high-quality plastic
- can be used instantly and repeatedly

No./Dim.	EAN Code	
05363 5,5x25x5,5cm	9 003117 053632	4

Vole trap VOLE-AWAY

- proven trap to catch voles
- easy to set and span
- no support platelets necessary
- baiting option
- made with galvanised metal wire

No./Dim.	EAN Code	⊞
05314 22x20x7,5cm	9 003117 053144	6

Vole traps CLASSIC

- tried and tested vole trap
- also known as "Bavarian Wire Trap"
- use of bait possible
- robust and long-lasting, made from copper-plated iron wire

No./Dim.	Content	EAN Code	⊞
05379 6x14x9,5cm	2 PCE	9 003117 053793	5

Vole trap BRACKET

- proven vole trap
- also known as "Augsburg Bracket Trap"
- strong spring, sets off at very low pressure
- robust and long-lasting, made from galvanised wire

No./Dim.	EAN Code	⊞
05394 5,5x12x6cm	9 003117 053946	5

Vole trap CLAW

- robust, powerful snapping trap to catch field mice and voles
- reliable effect thanks to catching from both sides
- easy to install thanks to positioning plates
- weatherproof, made from galvanised metal
- positioning plates: facilitate setting up and are available separately as a spare part (art.no. 60669)

No./Dim./Info	EAN Code	⊕
05354 8,8x10x18,5cm Trap	9 003117 053540	5

Positioning plates for vole trap CLAW

- spare part for vole trap CLAW (no. 05354)
- 3-pack of small plates
- positioning plates are needed to set up the vole trap
- suitable for multiple use
- can be used for a long time

No./Info	EAN Code	⊕
60669 Accessories	9 003117 853126	10

Vole traps STANDARD

- proven field mouse and vole trap
- also known as "Swiss Ringli Trap"
- made from copper wire, chains and adjusting ring
- proven application

No./Dim.	Content	EAN Code	⊕
05369 17x6x5cm	2 PCE	9 003117 053694	5

Vole traps SUPER STRONG

- vole ring trap 2 piece set with tensioner
- 2 pieces for entry from both sides
- including tensioner for easy assembly
- protect the trap from sunlight with a stone or bucket

No./Dim.	Content	EAN Code

SEED SOWING & PROPAGATION

Whether courgettes, lettuce, tomatoes or cucumbers - vegetables simply taste better from your own garden. And isn't it wonderful to see the plants grow and flourish until they are ready to harvest?

The key to such a high yielding harvest is proper cultivation! With the seedling tablets and seed trays, the magic moment when the first leaves sprout from the soil is not too long in coming. If then the seedlings spend a while in the indoor greenhouse in an ideal microclimate, the foundation for vigorously growing plants is laid. The products in our range are made of different materials, in different designs and with or without a hood. This allows you to garden according to your individual preferences and circumstances! Now it's just a matter of waiting and watering to enjoy fresh vegetables soon.

TRAYS

Preschool for plants - growing set

- 3-piece propagator for controlled cultivation of cuttings: Growing tray with space for up to 40 seedlings, lid with nodules for transplanting, base tub serves as water reservoir
- the shape of the seed tray promotes deep (conical) root formation creating less stress for plants when transplanting and faster growth in the new environment
- use with (nutrient-poor) seed compost
- production of own pellets possible for common hydroponic systems

PROPAGATORS & GREENHOUSES

Mini indoor greenhouse with seedling pellets

- integrated ventilation flaps in "leaf" design
- made from recycled plastics
- for simple and successful plant cultivation - on a sustainable basis
- including peat-free germination pellets

No./Dim.	Info	EAN Code	
06842 19x11x11cm	8 pellets	9 003117 068421	15

Midi indoor greenhouse with seedling pellets

- integrated ventilation flaps in "leaf" design
- stimulation of the plants due to the greenhouse effect
- made of recycled plastic
- including peat-free seedling pellets for rapid growth
- windowsill greenhouse

No./Dim.	Info	EAN Code	
06860 19x19,5x11cm	12 pelllets	9 003117 068605	32

Maxi indoor greenhouse

- indoor greenhouse made of recycled plastic
- waterproof tray with depressions in the bottom, which ensure good water distribution and easy placement of the plantlets
- transparent lid for good light conditions
- can be used with seedling pellets, planting pots or growing soil

No./Dim.	Info	EAN Code	⊞		No./Dim.	Info	EAN Code	⊞

06859 54,5x16,5x11cm without pellets	9 003117 068599	30				

Balcony greenhouse

- ideal for plant cultivation
- creates a growth stimulating greenhouse climate
- protects young plants against harmful weather conditions
- strong steel cylinder construction with three shelves
- UV-stabilized foil
- closable front

No./Dim.	EAN Code	⊞
07057 49x68x128cm	9 003117 070578	1

SHEETING & FLEECES

Overgrown weeds, voles in the raised bed and plants that just don't want to grow - these and other challenges quickly spoil the joy of having your own garden. But sheeting and fleeces turn out to be true superheroes!

The microclimate created by growing films and tunnels not only ensures faster plant growth, but can also increase yields. Weed mats put an end to uncontrolled weed growth and stabilise the soil, while a sandbox fleece extends the usability of play sand. Our product range also includes many natural items made from renewable raw materials - in other words, everything the heart of sustainable gardeners desires.

OTHER FLEECES

Garden fleece BASIC

- optimum support for young plants
- forms a growth-stimulating microclimate
- protection against frost, insects, damage from animals and hail

No./Dim.	EAN Code	
06257 10x1,5m 17 g/m²	9 003117 062573	20

Garden fleece STANDARD

- generates a growth-promoting microclimate
- protects against frost, insects, damage caused by deer browsing and hail
- UV-stabilized

No./Dim.	EAN Code		No./Dim.	EAN Code	
06766 5x1,5m 17 g/m²	9 003117 067660	8	06767 10x1,5m 17 g/m²	9 003117 067677	6

Garden fleece SUPERGROW

- rapid plant growth through the greenhouse effect
- optimal exchange of heat and moisture
- increases yield
- tear-proof
- UV-stabilized

No./Dim.	Pack.	EAN Code	⊞
06769 10x1,5m 20 g/m²	box	9 003117 067691	4
06587 25x2m 20 g/m²	roll	9 003117 065871	1

06404 150x2m 20 g/m²	large roll	9 003117 064041	150

Cold frame sheeting STANDARD

- optimal support for quick growth
- effective through the greenhouse effect (warmth) and air holes (ventilation)
- promotes the growth of seeds and seedlings
- regulates temperature

No./Dim.	EAN Code	⊞
06758 10x1,5m 20 µm	9 003117 067585	12

Cold frame sheeting STRONG

- provides optimal support for healthy growth
- increases yield through the greenhouse effect
- perforated for optimal heat exchange
- UV-stabilized

No./Dim.	EAN Code	⊞
06760 10x1,5m 37 µm	9 003117 067608	8

Elastic plastic sheeting with slits

- optimal for plants which are growing quickly
- stretches by up to 25%
- plants can be watered and fertilized through the sheeting
- protects against unfavourable weather conditions
- generates a balanced microclimate
- UV-stabilised

No./Dim.	EAN Code	⊞
06764 7,2x1,4m 50 µm	9 003117 067646	8

Horticultural sheeting SUPERGROW

- effective through the greenhouse effect (warmth) and perforation (ventilation)
- microperforation for even irrigation of the whole area

No./Dim.	EAN Code	⊞
06759 5x1,35m 17 g/m²	9 003117 067592	6

Growth sheet YELLOW

- the sheet supports the growth of the plants by creating the perfect microclimate
- ideal for tunnel arches
- protects plants from weather influences such as rain, wind and the first signs of frost
- UV-stabilised

No./Dim.	Pack.	EAN Code	⊞	No./Dim.	Pack.	EAN Code	⊞

07091 6x60m 180µm	large roll	9 003117 070912	60

Protection tunnel AKKORDEON

- extendable 'accordion' tunnel, length can be individually adjusted
- 6 metal arches with loops for additional fastening
- quick assembly
- simply squeeze together for watering plants
- sophisticated, space-saving version of the protection tunnel
- protects plants against weather influences

No./Dim.	Pack.	EAN Code	⊕
07094 3x0,45x0,35m 60 g/m²	polybag	9 003117 070943	4

Growth tunnel AKKORDEON

- extendable 'accordion' tunnel, length can be individually adjusted
- 6 metal arches with loops for additional fastening
- quick assembly
- simply squeeze together for watering plants
- sophisticated, space-saving version of the growth tunnel
- the cover makes for a growth-promoting microclimate

No./Dim.	Pack.	EAN Code	
07093 3x0,45x0,6m 150µm	polybag	9 003117 070936	1

Plastic tunnel complete set

- the simplest form of greenhouse
- requires very little space and is flexible
- protects seedlings against the elements
- optimal growth due to the greenhouse effect
- UV-stabilized
- complete set with 4 metal arches

No./Dim.	Content	EAN Code	
06378 3,5x1m 50 µm	1 SET	9 003117 063785	1

Plastic tunnel complete set XL

- protects seedlings against the elements
- generates a greenhouse effect
- flexible
- UV-stabilized
- complete set with 8 metal arches

No./Dim.	Content	EAN Code	
06377 10x1,5m 37 µm	1 SET	9 003117 063778	1

Flexi tunnel arch set for films and non-woven fabrics

- variable interlocking tunnel arches PVC
- easy to handle and versatile in application
- 12 tunnel arch elements with each 60 cm length, 8 connection pieces and 16 clips

No./Dim./Ø	Content	EAN Code	
06802 1,1x0,67m 1.3cm	4 poles	9 003117 068025	10

Replacement clips for flexi tunnel arch set

- for secure fixing of fabrics, films, nets etc. to the tunnel arch
- made from plastic
- reusable
- 20 clips

No./Dim.	Content	EAN Code	
06803 1,3x3x2,2cm	20 PCE	9 003117 068032	20

Tunnel arch for plastic sheeting, fleeces and nets

- ideal aid for propagation in combination with fleeces, sheeting or netting (available separately)
- made of galvanized metal
- versatile
- easy to use

No./Dim./Ø	Content	EAN Code	
06326 130x57cm 6mm	1 PCE	9 003117 063266	10

Fastening clips for tunnel arches

- used for securing fleeces, plastic sheeting and netting etc. to tunnel arches
- made of plastic

No./Dim.	Content	EAN Code	
06327 1,8x3cm	25 PCE	9 003117 063273	20

Tunnel arch rod PVC

- flexible PVC pipe for making custom tunnel arches
- durable and reusable
- can be used with nonwoven fabrics, foils and nets

No./Dim./Ø	Content	EAN Code	
07132 2,5m 1.2 cm	1 PCE	9 003117 071322	50

Tunnel arch for raised beds

- complete tunnel arch kit for raised beds
- can be covered with fleeces, nets or foils
- provides ideal growing conditions for young plants
- tunnel arches are fixed to the raised bed with brackets
- contents: tunnel arch items, mounting brackets, 1x insect net, 1x growth fleece

No.	Content	EAN Code	
07652	1 SET	9 003117 076525	8 N

Tomato fleece STANDARD

- optimal support for particularly favourable conditions for growth
- efficient exchange of heat and moisture
- planting can take place earlier due to frost protection
- protects tomatoes against pests and cold
- UV-stabilized

No./Dim.	Ø	EAN Code	⊞
06768 0,65x10m 17 g/m²	40 cm	9 003117 067684	6

Tomato fleece SUPERGROW

- optimal support for particularly favourable conditions for growth
- efficient exchange of heat and moisture
- planting can take place earlier due to frost protection
- protects tomatoes against pests and cold
- UV-stabilized

No./Dim.	Ø	EAN Code	⊞
06770 0,65x10m 20 g/m²	40 cm	9 003117 067707	6

Tomato hood STANDARD

- provides optimal support for prolific growth
- perforated for optimal heat exchange and perfect ventilation
- protects the fruit against pests and cold
- can be cut to size, sufficient for 5 - 7 tomato vines

No./Dim.	Ø	EAN Code	⊞
06761 0,65x10m 20 µm	40 cm	9 003117 067615	12

Tomato hood STRONG

- enhanced plant growth through the greenhouse effect
- perforated for optimal heat exchange and perfect ventilation
- protects against frost
- UV-stabilized

No./Dim.	Ø	EAN Code	⊟
06762 0,75x10m 37 µm	50 cm	9 003117 067622	8

Elastic tomato hood

- optimal for high-growing plants
- stretches by up to 25%
- adapts to the size of the plant
- protects against pests and cold
- generates a balanced microclimate
- UV-stabilized

No./Dim.	Content	EAN Code	⊟
06765 0,65x1,25m 50 µm	5 PCE	9 003117 067653	8

Tomato polytunnel set

- optimum support for successful tomato growing
- quick harvest
- set consists of 3 arcs, 6 extending rods, 1 foil, 15 clips, 6 connectors

No./Dim.	EAN Code	⊟
06818 27x200x210cm 60 µm	9 003117 068186	1

Tunnel arch rod U-shape

- ideal basis for safety tunnels when used in conjunction with nonwoven fabrics, sheets or nets (sold separately)
- made of PVC, durable and reusable
- versatile
- easy to use

No./Dim./Ø	Content	EAN Code	⊞
07100 1,8m 1.1 cm	1 PCE	9 003117 071001	12

Fastening & fixing clips

- for attaching sheets to tunnel arches
- practical: due to the double clip design, foils and fleeces can be rolled up and fixed at any height
- Pack of 10
- for rods and arches with a diameter of approx. 13 mm

No.	Content	EAN Code	⊞
07144	10 PCE	9 003117 071445	10

Tomato house ALUSTAR

- the greenhouse effect provides optimal growth
- stable aluminium construction with strong greenhouse foil
- very durable greenhouse foil with 100 µm
- an early harvest is possible
- UV-stabilized
- can be used for many years
- includes clips for fastening the foil

No./Dim.	EAN Code	⊞
38111 80x150x170cm 100 µm	9 003117 381117	1

Replacement greenhouse foil for tomato house ALUSTAR

- replacement part for 38111 tomato house ALUSTAR
- creates a greenhouse climate
- for rapid plant growth
- UV-stabilized

No./Dim.	EAN Code	
33702 80x150x180cm 150 µm	9 003117 337022	10

Replacement clip for tomato house ALUSTAR

- replacement part for 38111 tomato house ALUSTAR
- easy to use
- made from plastic
- 12 pieces/pack

No.	Content	EAN Code	
33703	12 PCE	9 003117 337039	100

Tomato house

- high tomato yield due to greenhouse effect
- painted metal rod
- cover from lattice sheet
- reliable protection against blight
- simple installation thanks to plug-in system
- front side closable with zip closing
- including closable side windows with fly screens
- dimensions (HxWxD): 200/170x195x60 cm

No./Dim.	EAN Code	
06812 60x195x200cm 135 g/m²	9 003117 068124	1

Balcony greenhouse

- ideal for plant cultivation
- creates a growth stimulating greenhouse climate
- protects young plants against harmful weather conditions
- strong steel cylinder construction with three shelves
- UV-stabilized foil
- closable front

No./Dim.	EAN Code	
07057 49x68x128cm 80 µm	9 003117 070578	1

WEED PREVENTION

Mulch plastic film

- an effective aid in the fight against weeds
- avoids the use of chemicals
- the black sheeting keeps the earth warm and moist
- encourages seedlings to grow more quickly
- UV-stabilized
- perforated

No./Dim.	EAN Code	
06752 10x1,2m 20 µm	9 003117 067523	12

Weed control and strawberry sheeting

- to combat weeds naturally as well as to encourage the growth of strawberries etc.
- perforated for optimal moisture exchange
- the black colour keeps the earth warm and promotes quicker growth
- UV-stabilized

No./Dim.	EAN Code	⊞
06753 10x1,5m 37 µm	9 003117 067530	8

Mulch fleece

- prevents the growth of weeds naturally
- avoids the use of chemicals
- protects crops against contamination by the soil
- permeable to water and air
- UV-stabilized

No./Dim.	EAN Code	⊞
06757 10x1,2m 30 g/m²	9 003117 067578	4

Weed fleece BASIC

- suppresses the growth of weeds in a natural way
- removes the need to use chemicals
- retains heat in the soil and regulates the balance of moisture
- impermeable to light
- breathable

No./Dim.	EAN Code	⊞
06319 5x1,6m 30 g/m²	9 003117 063198	20

Weed control fleece STANDARD

Plant stake netting holder

- netting attachment for all Windhager steel plant stakes with 11 and 16 mm diameter
- used with plant stakes and netting to protect fruit bushes etc.
- less plant/harvest damage as the netting does not touch the plant directly
- 5 netting holders incl. adapters per package

No./Ø	Content	EAN Code	
07465 12cm	5 PCE	9 003117 074651	1

WINTER PROTECTION

With the autumn days getting shorter and cooler, nature also comes to rest. Before winter gains a firm grip on the country, and on sensitive plants in particular, those which must stay outside need support during the winter. Fleece covers and mats ensure that the plants are well wrapped up, so that they can get through the cold season even in frosty temperatures. Winter protection solutions can be found here also for several large plants, shrubs and bulky treetops. Natural materials such as coconut fibre or sheep's wool offer a sustainable protection from icy wind and snow. Binding cords and ribbons are also wonderfully suitable for natural decorative arrangements - for example at the festive Christmas table.

SHEETING & FLEECES

Winter fleece offer BASIC

- winter fleece at a special price
- protects against the cold, wind and drying out
- permeable to water and air

ANIMALS IN THE GARDEN

Is there anything better than being woken up in the morning by the cheerful chirping of birds? Due to an increasingly dense development and fewer green spaces, unfortunately many animals find it difficult to find a place to retreat and sufficient food. Anyone who offers refuge and a feeding place to the colourful variety of domestic birds, squirrels, hedgehogs, wild bees and ladybirds in the garden or on the balcony is not only doing good, but can also enjoy a great sight. And even little animal lovers can help protect nature with the WINDHAGER KIDS kits by building their very own individual, colourful birdhouses and Insect hotel.

BIRD FEEDERS

GARDENING AIDS

The gardening aid range offers a practical solution for all gardening tasks: climbing support for ideal growth; bird nets to protect the harvest. Automatic water dispensers take over the watering during the holiday. Stick-in labels are decorative and informative. In autumn, harvest nets facilitate the collection of nuts and fruit, which are then stored in sustainable jute sacks. Our products are with you all year round. And with the Kids gardening tools, even the smallest ones will enjoy helping out with the gardening.

GARDENING AIDS

TYING MATERIALS

Plant ties EASY FIX

- for carefully attaching plants to support rods
- easy and quick fastening with good flexibility
- soft PVC, approx. 60 cm long
- reusable
- set of 5

No./Dim.	Content	EAN Code	
07126 60cm	5 PCE	9 003117 071261	10

Endless plastic tie

- for fastening plants or organising cables etc.
- simple fastening through threading
- length individually adaptable
- suitable for inside and outside
- reusable

No./Dim.	EAN Code	
06018 5mx1,2cm	9 003117 060180	24

Universal velcro ties

- to facilitate tethering up plants or organising, fixing and bundling cables
- simple to tear off thanks to perforation in intervals of 4.5 mm
- highly weatherproof
- suitable for indoor and outdoor use

No./Dim.	EAN Code	⊕
03223 5mx1,2cm	9 003117 032231	10

Endless universal ties

- effortless fastening of plants and organising of cables, fixing and bundling
- length can be adjusted individually, includes cutting device
- suitable for indoor and outdoor use
- suspending or grip strap possible
- reusable

No./Dim.	EAN Code	⊕
06737 25mx0,6cm	9 003117 067370	10

Florist wire
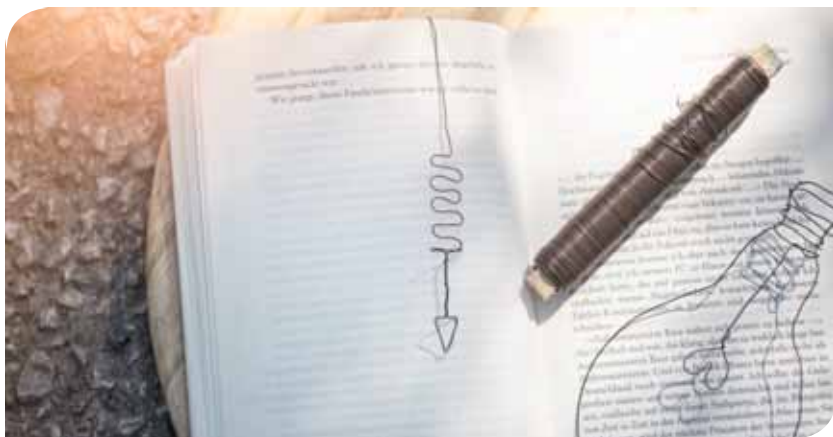

- used for binding bouquets
- also suitable for making decorative items
- annealed

No./Dim./Ø	EAN Code	⊕
06206 50m 0.65 mm	9 003117 062061	50

Fastening wire

- multi-purpose
- made of plastic with galvanised wire core
- comes in a practical dispenser with integrated cutting device

GARDEN DESIGN

Our extensive range of garden design products ensures perfectly manicured outdoor areas. Flexible lawn edgings are particularly practical; flower bed borders made of natural materials such as bamboo or willow are a decorative way to create boundaries and borders. And for areas with heavy traffic (such as pool areas), a natural-looking artificial turf is ideal. Shapely trellises and planting sticks with interchangeable attachments are real eye-catchers and - in combination with the reflective balls - provide diverse possibilities for decorating the garden. This makes garden design fun!

ARTIFICIAL LAWN

Artificial Lawn York

- blade length 20 mm
- short blade length for heavily used surfaces such as pools, sandpites and footpaths etc.
- looks realistic
- easy to clean

No./Dim.	Info	EAN Code	⊞
06710 4x1m	20 mm blade length	9 003117 067103	1

Artificial Lawn Chelsea

- blade length 25 mm
- medium grass height making it ideal as a substitute for a natural lawn
- realistic grass look due to curly, beige blades
- easy to clean

No./Dim.	Info	EAN Code	⊞

Lawn edge strip 5mx15cm, galvanised

- flexible lawn edge strip to partition lawn areas
- galvanized metal provides a high flexibility and long service life
- can be shaped freely for up to 5 m without connections
- pre-cutting the soil with a spade or the like makes it easier to insert into the ground
- accessories (connectors, edges, punch-in aids) available separately

No./Dim./Col.	EAN Code	
07458 5mx15cm galvanised	9 003117 074583	1

Lawn edge ring/tree ring

- flexible lawn edge rings to surround trees
- pre-shaped semi-circles, stable hold thanks to screw connection
- made from 0.6-mm sheet steel
- various sizes can be shaped: 1 ring with 72 cm/64 cm/55 cm or 2 rings with 36 cm/27 cm

No./Dim./Col.	EAN Code	
07459 12cm galvanised	9 003117 074590	5

Lawn edging connector

- connector for the Windhager lawn edging
- connects two straight lawn edge strips by means of a smart plug-type design
- edge protection thanks to rounded upper edge
- galvanized metal for long service life and stability

No./Dim./Col.	EAN Code	⊕
07461 10x15cm galvanised	9 003117 074613	10

Edge connectors for lawn edge strip

- edge connectors for Windhager's lawn edge strip
- appealing connection of lawn edge strips, sturdy connection
- smart plug connection thanks to rounded upper edges
- edges easy to bend
- galvanized metal

No./Dim./Col.	EAN Code	⊕
07462 5x5x15cm galvanised	9 003117 074620	10

Ground anchor for lawn edge strip 30 cm

- ground anchor to fasten the Windhager lawn edge strip
- to stabilise the strip when it's not deeply embedded and in loose soil
- one ground anchor for every metre suffices
- facilitates the exact positioning of the lawn edge strip during installation
- high-quality aluminium zinc alloy

No./Dim./Col.	EAN Code	⊕
07464 3x30cm galvanised	9 003117 074644	20

Punch-in aid for lawn edge strip 30 cm

- installation aid for Windhager's lawn edge strip
- for gently tapping in the lawn edge strip into the garden soil
- is placed on the lawn edge strip and tapped into the soil using a rubber mallet
- galvanised sheet steel
- reusable

No./Dim./Col.	EAN Code

TARPAULINS & COVERS

We cherish plants and gardens - but what about all the things that help us really enjoy the summer? The fireplace, sandpit and furniture are often used in summer and should be well protected in bad weather and after the season! Tarpaulins & covers in a wide range of sizes and designs are perfect for this. They can also be used for a wide variety of applications: from picnics to protecting the boot of a car to covering piles of firewood.

TARPAULINS &
COVERS

TARPAULINS

Tarpaulin GEOTEX

- a top-quality extra strong woven fabric
- a dual-colour coating for various applications
- green absorbs the sunlight
- silver reflects the sunlight
- for stable attachment: aluminum eyelets, distance 0.5 meter
- UV-stabilized

PRIVACY SCREENS

A beautiful garden or balcony is the perfect place to enjoy warm days. But curious glances from neighbours or walkers often disturb the relaxed atmosphere. That's over now! Privacy mats for fences and balcony screens provide privacy and also protect against the wind. Materials such as reed, bamboo or willow also convey a feeling of holiday. Natural-looking privacy hedges bring more greenery into the garden or onto the terrace, while easy-to-clean plastic mats are particularly durable and stable. The privacy screen range simply offers the right solution for every taste and every outdoor space.

SUN PROTECTION

Windhager awnings expand the space outdoors! Stylish sun protection for the garden, balcony and terrace that is flexible and can be individually designed: this is the best way to describe our sun sails! Whether as a simple sail or with rope-pull technology, they offer an ideal protection from too much sun, too much UV radiations and too much heat. In their shade, you can enjoy the summer outside in a relaxed way. Visually, awnings create a wonderful holiday atmosphere - you can almost hear the sound of the sea.

ROPE-PULL SUN SAIL

Rope-pull awning complete set

- a rope-pull awning and accessories for assembly in a complete set
- light, weather-proof canvas
- protects against UV light without being dark
- sail can be pushed sideways using rope-tension technology
- washable at 40°C

SUN SAIL ACCESSORIES

Sun sail pole Premium

- pole for fixing sun sails
- pole height max. 242,5 cm
- 125 cm, height can be adjusted precisely & in small increments
- easy to use and functional
- made from corrosion-free aluminium
- sail fastened to sliding carriage
- for more safety in wind & weather
- available separately: ground sleeve (to be set in concrete) and patio mount

No./Dim.	EAN Code	
10703 6x242,5cm	9 003117 107038	1

Patio mount Premium

- patio mount for the sun sail pole Premium
- made from coated steel
- 10° inclined shaped pipe for ideal pole orientation
- incl. fastening screw

No./Dim.	EAN Code	
10708 15x20x15,8cm	9 003117 107083	1

Ground sleeve Premium

- ground sleeve to set up the sun sail mast Premium
- made from aluminium
- frost-proof sleeve length of 90 cm
- incl. bore holes to connect sun sail mast Premium

No./Dim.	EAN Code	⊞
10707 90 cm	9 003117 107076	1

Second and spare runner for premium sun sail mast

- spare part for premium sun sail mast
- providing an ideal second runner for flexible height adjustment of the sun sail
- made from high-quality stainless steel
- weather-resistant

No./Dim.	EAN Code	⊞
10788 6,2x3x4,5cm	9 003117 107885	1

Sun sail pole kit Basic

- corrosion-free sail pole made from aluminium
- pole height 240 cm
- aluminium ground spike
- patio mount made from coated steel
- incl. 1 eyelet screw and 4 connecting screws
- not incl. screws to fasten patio mount

No./Dim.	EAN Code	⊞
10705 4,8x243cm	9 003117 107052	1

Fastening cord for sun sails

- handy sun sail fastening cord
- weatherproof and long-lasting
- available in two lengths with various diameters

No./Dim./Ø	EAN Code	
10709 10m 4mm	9 003117 107090	1

No./Dim./Ø	EAN Code	
10710 20m 6mm	9 003117 107106	1

Expander sail with spring hook

- useful accessory for quickly tensioning and releasing the sun sail
- spring hooks for both ends for convenient and safe assembly

No./Dim./Col.	Content	EAN Code	
10898 70cm grey	2 PCE	9 003117 108981	5

Tension anchors

- a useful accessory for tensioning the sail
- made of stainless steel
- for indoor and outdoor use

No./Dim.	EAN Code	
10892 200 - 290 mm	9 003117 108929	1

Tension spring

- a useful accessory for tensioning the sail

No./Dim.	EAN Code	⊞
10787 10,7cm	9 003117 107878	1

Fixing eyelets

- an accessory for attaching the sun sail to brickwork or wooden posts
- made of stainless steel

No./Dim.	EAN Code	⊞
10893 7,9x4,9x2,7cm	9 003117 108936	1

D-shackles

- an accessory for attaching the sun sail flexibly to an eyelet or ring bolt
- made of stainless steel

No./Dim./Ø	EAN Code	⊞
10894 5x3,6cm 7.8 mm	9 003117 108943	1

Spring hooks

- a useful accessory to quickly raise and lower the sun sail
- made of stainless steel
- for use indoors and outdoors

No./Dim./Ø	EAN Code	⊞
10895 8,1x3,9cm 7.5 mm	9 003117 108950	1

Eyebolt

- an accessory to secure sun sails
- made of stainless steel
- eyelet inner ø 17 mm, outer ø 32 mm

No./Dim.	EAN Code	⊞
10896 13,5cm	9 003117 108967	1

Sun sail fastening kit

- consisting of 2x tension anchor
- 2x spring hook
- 4x fixing eyelets

No.	Content	EAN Code	⊞
10786	1 SET	9 003117 107861	1

Rope-pull set

- set for putting up and winding down sun sails easily
- made of stainless steel
- easy to put up using a guide pulley
- suitable for indoor and outdoor use

No./Dim.	EAN Code	⊕
10897 3m	9 003117 108974	1
